# Katelyn + Kyle

---

## CRESTED BUTTE

Kyle and Katelyn met at a mutual friend's college party while attending Colorado State University. Later that night, the group went to Rec Room, a local Fort Collins dive bar, where Kyle accidentally poured a full glass of Jack and Coke onto Katelyn's white pants. His persistent apologies worked. Four years later, the couple decided to take an October vacation, visiting London, Amsterdam, Brussels, Bruges and ending in Paris. On the second day in London, while walking around Kensington's Palace, within the Sunken Gardens, Kyle got down on one knee and proposed.

CLASSIC + BOHO

Having both grown up in Colorado, the couple knew they wanted to get married in the Rockies. Keeping it classic, they used a traditional black and white color palette with mismatched blue and gray accents, and incorporated organic, bohemian elements such as cowhide.

### ALL IN THE FAMILY

Katelyn and Kyle's wedding ceremony was officiated by Katelyn's younger brother. Katelyn loved that he put his heart into it. Guests both laugh and cried, the couple felt that it was perfect. Seeing Katelyn walk down the aisle, was Kyle's favorite part of the day

ADVICE FROM THE BRIDE

*Find ways to soak in the day*

*"...we both walked away, just the two of us, during our reception, to observe everyone and how much they were enjoying themselves. We were able to see all our family and friends in one place and were able to soak that in, even if it's just for 2 minutes. Memories we both will cherish together!"*
